

*Pays d'Oc IGP | Vintage 2019*

## Varieties

## Concept

Be your own VIP!

Recognized, awarded, annotated ... to celebrate the success of the cuvée "Les Pieds dans l'Eau", we created the "Edition Éphémère ».

An elixir produced from said cuvée, though improved by the winemaker, favouring a plot selected and vinified in his own way.

## Soil

Limestone-clay

## Vinification

Direct pressing.

Light skin maceration for the Syrah.

Settling then vinification at low temperature.

Blending of the 5 grape varieties after vinification.

## Tasting

« A fairly dense salmon-colored rosé, with a nose of red currants and soft spices, a bit of English sweets, but not pervasive, and the mouth... particularly interesting. Let me explain: this wine has a real presence on the palate; lightness does not mean emptiness, we find the aromas of the nose, but the spices are accentuated, and the finish offers the kind of salinity that makes you salivate... »
