Soil

Limestone-clay and pebbles.

Tasting the berries in the vineyard allows the aromatic profile to be determined and the optimum date for harvest at full ripeness of each variety to be defined.

Vinification

Harvested from 4 a.m. to 10 a.m. in order to preserve freshness and avoid oxidation.

Pressing and clarification of the juice.

Vinification at 16°C with the selected yeasts.

Racking and ageing for 2 months on fine lees.

Tasting

Powerful nose with notes of wild peach and candied apricot. A crunchy wine with aromas of apricot tart, full-bodied, persistent and a nice long finish.

Food pairing

Surprising as an aperitif, pleasant on grilled fish, tuna tataki, sea bream ceviche, and a daring match with fresh cheeses.
