History

In Vino Erotico is an emotional wine... to be experienced. The result of a long reflection and a tasting done with a precise idea in mind : create a wine with a touch of sensuality, aromatic enchantment and a crisp texture. If Apollinaire had written about a wine... would In Vino Erotico have been the lucky one ?

Wine is a world of sensations, In Vino Erotico was created to satisfy them. Selecting vine plots with delicate characteristics, associated with the art of assembling the varietals, produce a wine that is silky, crisp and elegant...

Soil

Terroir of rolled stones.

Vinification

20 % of oaky Chardonnay.

Skin maceration for the Sauvignon Blanc and soft pressing for the Viognier.

Stirring of fine lees then blending.

Tasting

Clear yellow colour with gold reflections. White flowers, yellow peach and small citrus fruits aromas subtly enhanced by pastries notes. The well-balanced mouth sways between mellowness and slightly acid flavours. A very chameleon wine.

Food pairing

Ideal with cooked meat like poultry stuffed with morel, veal meat or even a camembert cheese.
